In Washington State every student is expected to participate in one (1) full semester of Physical Education each year in Middle School. However, if a student is enrolled in two (2) year-long elective classes and participates in a qualifying directed athletics program a PE waiver will be considered. Physical education waivers **are not** automatically granted.

Do you qualify for a Directed Athletics PE waiver?

Directed Athletics PE Waivers are only considered for students enrolled in two (2) of the following year-long elective classes: ASB, Band, Choir, Orchestra, Spanish, and Web.

Please check the two (2) year-long electives you are enrolled in that qualify you for PE waiver consideration:
